Grades	Grade 9, Grade 10, Grade 10 FIB, Grade 11, Grade 12
Max No. of Students	30
Lead Teacher	PARKIN, Catherine
Other Teachers	NA
Venue	Classroom (D304)
Description	<p>Have you ever wanted to create your own company, or had an idea that you wanted to see become a reality? Well now you have the chance to do just that. DragonVentures is an entrepreneurial incubator, aiming to empower high school students to create their very own startup. This is the second year of the club at UWCSEA (last year it was called LaunchX). Through this club, you will learn from official EdX material developed in collaboration with MIT, and will work in teams to create your very own startups, with strong ideas even receiving an opportunity to present and receive guidance, and possibly finance from respected businesspeople! This activity will be led by a student and supported by a teacher so student input is essential. Seasons 1-3 will involve learning about entrepreneurship and working on your pitch. Season 4 will involve reflection on strengths and areas for development as well as a focus on social entrepreneurship, sustainability and microfinance. This course is available to all and does not require any background knowledge just a willingness to collaborate and take risks. If you want any further information you can contact Ahuja16948@... or Tham50521@...</p>
