

## Service Learning Action Plan

Student Names	Roles & Responsibilities
Zach	Chair
Zoey & Vir	Communications

<b>Name of Service</b>	SGM Murni Child Care Centre
------------------------	-----------------------------

<b>Why is this Service needed?</b>	To provide the lower income background children to gain an experience in physical education through a professional gymnastics environment
<b>What did you learn from investigating the issue and the organisation/s addressing it?</b>	Since they come from lower income families, it's tough for the parents to provide physical education for them and through this service, we hope to see them grow as individuals and as athletes. Additionally, we want to provide a varied, fun learning experience for these kids and see them develop their skills throughout this year.

<b>SMART Goal/s</b>	Our goal is to have our kids perform a whole team performance at the end of the school year. In order to make sure that they are able to perform, we will focus on different particular skills and see how they progress through the year
